Ohio EPA Settles with Mahoning County Company  
for Hazardous Waste Violations

Spectrum Metal Finishing, Inc., has agreed to pay Ohio EPA a \$20,000 penalty to settle past hazardous waste violations at its metal finishing business located at 535 Bev Road in Youngstown. The company addressed the violations and now operates in compliance with Ohio's hazardous waste laws.

Following a June 2005 facility inspection, Ohio EPA cited Spectrum with numerous violations including failing to: determine whether wastes generated at the facility were hazardous; properly manage hazardous waste containers; develop and implement a hazardous waste management training program for employees; and develop a contingency plan. Ohio EPA did not observe any releases of hazardous waste.
